

MAR 23 1951

25X1

[Redacted]

It is desired to commend you highly for your recent success in obtaining special equipment and supplies essential to important operations of this Agency after other efforts had failed.

Your skill and zeal in accomplishing this mission, at a very considerable saving in Government funds, reflect great credit on both yourself and the Central Intelligence Agency.

A copy of this commendation will be filed with your personnel records.

Sincerely,

WALTER B. SMITH  
Director
